MAAP APPLICATION GUIDANCE

The Missouri Housing Development Commission (MHDC) provides funding to qualified nonprofit organizations and for-profit developers for the acquisition and rehabilitation or new construction of affordable rental housing for low- and moderate-income families in the form of below market interest rate construction and permanent financing. MHDC funds are typically combined with federal and state Low-Income Housing Tax Credits (LIHTC) and other federal U.S. Housing and Urban Development (HUD) programs administered by MHDC to fund affordable multifamily and senior housing developments.

MHDC utilizes the Multifamily Application & Administration Portal (MAAP) for the submission and ongoing administration of multifamily rental production applications. The purpose of this document is to provide application guidance and information needed to utilize the MAAP software. Applicants are encouraged to review this MAAP User Guide in addition to the Developer's Guide and other provided resources prior to utilizing MAAP. Some questions and sections in the MAAP application are conditional and only appear based on prior selections made throughout the application. This document includes all questions that may appear in the application.

The screenshot shows the 'Attention' screen. It has a header with the MHDC logo and 'Missouri Housing Development Commission'. Below the logo is the text 'Attention'. There is a message: 'You are not associated to any developers and don't have access to any applications. You must either be invited to a developer account by an existing user, or you can create your own developer account here: [Create Developer Account](#).' Below this is a blue 'Create Developer' button. A red arrow points to the 'Create Developer Account' link.

6

Enter all required new developer information and click save.

The screenshot shows the 'Create New Developer' screen. It has a header with the MHDC logo and 'Missouri Housing Development Commission'. Below the logo is the text 'Create New Developer'. There are several input fields: 'Name' (with value 'New Developer'), 'Address' (with value '1 Main Street'), 'Address Line 2', 'City' (with value 'Any City'), 'State' (with value 'MO'), 'Zip' (with value '00000'), 'Phone' (with value '(000) 123 - 4567'), 'Fax', 'Date of Formation' (with value '07/01/2025'), 'Developer Type' (with value 'General Partner'), and 'EIN' (with value '00-0000000'). At the bottom are two buttons: 'Save' and 'Cancel'. A red arrow points to the 'Save' button.

- 7 After you create a new developer and click Save, the My Application screen will appear. On the My Application screen under My Actions, you can Create Application, Create Developer, and Manage Developer Information. If you would like to modify your information or invite a user to your account, click Manage Developer Information.

- 8 On the Manage Developer information screen you can edit your information or invite a user to your account. To add an additional user to your My Developer Account, click Invite User.

- 9 Enter in the new user's general information and select a role from the drop-down menu for the new user. Each role has different access levels and different functions please review the functions of each user role below. Click Invite when complete. The new user will receive an email to confirm.

The screenshot shows the 'Invite User' form. It has fields for 'First Name' (New User 2), 'Last Name', and 'Email' (newuser2.mhdc@gmail.com). Below these is a 'Roles' dropdown menu. A red arrow points to the dropdown menu, which is open and shows the following options: 'Entity Gate Keeper', 'Entity Power User', 'Contributor User', and 'Contributor Read Only User'.

- 10 After the invite is sent the email address provided the new users email will appear under the Accounts with Access to My Developer tab. On this screen you can edit user roles or remove the users access to the portal.

The screenshot shows the MHDc portal interface. At the top, there's a navigation bar with 'Home', 'MHDc', and 'Resources'. The user is logged in as 'Hello, New User'. Below the navigation bar, there's a dropdown menu set to 'Viewing: New Developer'. The main content area is divided into two sections. The first section, 'Developer Information', has an 'Edit My Info' button and displays details for 'New Developer' including Name, Address (1 Main Street, Any City, MO 00000), Phone ((000) 123 - 4567), and Fax. The second section, 'Accounts With Access to My Developer', has an 'Invite User' button and a table listing users. A red arrow points to the first user in the table.

Email	Name	Access Level	Action
newuser.mhdc@gmail.com	New User	Entity Gate Keeper	
newuser2.mhdc@gmail.com	New User 2 MHDc	Contributor User	

- 11 There are four (4) **Access Level and Functions:** Entity Gate Keeper, Entity Power User, Contributor User and Contributor Read Only.

When you create an account, you are an **Entity Gate Keeper**. Here are the permissions of the Entity Gate Keeper.

The 'Add New Role' form has fields for 'Role Name', 'Description', and 'Type'. Below these is a 'Permissions' section with two columns of checkboxes. The first column includes 'Impersonate', 'Manage All Developers', 'Manage Settings', 'Manage Developer', 'Create Applications', and 'Read Applications'. The second column includes 'Manage All Users', 'Manage Roles', 'Manage Users', 'Invite Users', 'Write Applications', and 'Submit Applications'. At the bottom are 'Save' and 'Cancel' buttons.

Once you invite a contributor, they can fall under two categories: **Contributor User**, or **Contributor Read Only User**. Contributor Users can write and read applications, but contributor read only users can only read applications.

Once the invitee confirms and accepts the email invite they will have access to the portal. If the invitee is unable to locate the portal email invite make sure they check their spam folder.

Use of Cash Flow

This table requires estimated spend down by year to account for the total Deferred Developer Fee and any other use of Cash Flow.

Use of Cash Flow Table:

The Deferred Developer Fee will automatically be calculated in the chart.

You can add other Use of Cash Flow row and data by selecting the + Add Other Use of Cash Flow button.

Distributable Cash Flow is calculated in the bottom yellow row.

+ Add Other Use of Cash Flow

Use of Cash Flow	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8
Deferred Developer Fee	\$	\$	\$	\$	\$	\$	\$	\$
Other Use	\$	\$	\$	\$	\$	\$	\$	\$
