Summary of Grant Activities

Disaster Relief Housing Services

Disaster Relief Housing Services are intended for individuals and families who are at risk of homelessness, literally homeless, or fleeing/attempting to flee Domestic Violence. Grantees should have a consistent assessment process in place along with policies and procedures to determine the extent of a household's need and how the housing intervention determination is being applied to all clients. Refer to section above for housing status eligibility requirements.

Home Repair

Payments for the costs associated with necessary repairs, due to the declared disaster, of homeowner-occupied single-family homes. Homeowners assisted through this grant must lack resources and supports to pay for the costs of these repairs on their own. Owner-occupied single-family homes can be assisted up to \$50,000.00 per household; prior approval will be needed if funds exceed \$50,000.00 per household.

Case Management

Grantees can bill the MHTF-DR grant for case management expenses necessary to the administration of MHTF-DR. This includes MHTF-DR-focused outreach efforts and case management. The case management budget cannot exceed 10% of the total award.

Administration

Missouri Housing Trust Fund - Disaster Relief grantees can bill the MHTF-DR grant for Program Administration. Cost associated with Program Administration cannot exceed 3% of the total award/expenditure.

*In the case of disaster, employees or family of employees who otherwise qualify, are eligible to receive Missouri Housing Trust Fund - Disaster Relief assistance. Agencies are expected to treat employees or family members receiving assistance the same as all other citizens receiving assistance.

Income Eligibility

All households assisted through the MHTF-DR are required to be at or below 75 percent of the Area Median Income (AMI). MHTF-DR grantees should use the MHTF-DR Area Median Income Limits form (MHTF-DR-302) in conjunction with the Income Verification Worksheet (MHTF-DR-304) to determine households' income eligibility. If the AMI for the county of service is lower than the Missouri state AMI, grantee shall use the AMI for the state to determine eligibility. The Area Median Income Limits are to be used throughout the entire grant year unless otherwise specified by MHDC. MHTF-DR bases its income calculation method on the inclusions and exclusions listed below.

Standard Types of Income

Grantees are expected to utilize and collect supporting documentation from all members of the household over 18 years of age to calculate household income. Documentation collected should be for at least 30 days prior to the date of client intake. Below are the types of income that should be included or excluded on the Income Verification Worksheet (MHTF-DR-304).

Income Inclusions:

- Gross wages from employment
- Full amount of periodic payments

Missouri Housing Trust Fund - Disaster Relief | FY2026 Desk Guide

Additional Forms of Income (Assets)

Grantees are expected to utilize the list below when calculating a household's assets. Income earned from the cash value of a household's assets should be included in the total income. If the net household's assets have a cash value of \$50,000 or over, annual income must include the greater of:

- The actual income from the assets; or
- Imputed income from the assets. (Impute income by multiplying total net household assets by the passbook rate specified by HUD. See Code of Federal Regulations 24 CFR §§ 5.609(a)(1)-(a)(2); and 891.105)

Inclusions:

- Cash held in savings and checking accounts, safe deposit boxes, home, etc.

In instances of disaster impact, barriers might exist in obtaining third party verification of income. Please review Appendix B of this guide to determine when self-declaration of income might become appropriate.

90-Day Recertification

The Income Verification Worksheet (MHTF-DR-304) and verification of sources of income should be completed at initial intake and updated every 90 days thereafter. At recertification, the sources of income should be current within 30 days. At recertification, grantees need to evaluate households assisted for both need and eligibility, including:

1. Determination of whether or not the household composition has changed; and
2. Verification that household's annual gross income does not exceed 75 percent of AMI; and
3. Verification that the household lacks sufficient resources and support networks to retain housing without MHTF-DR assistance.

Non-Duplication of Benefits

MHTF-DR funds are not intended to replace or duplicate expenses that are covered by the homeowner or renter's insurance policies, home warranties, or through other federal, state, or local assistance programs. All clients are required to sign a Non-Duplication of Benefits Form (MHTF-DR-311) during program intake.

Missouri Housing Trust Fund - Disaster Relief | FY2026 Desk Guide

for approval during the grant period, they can complete and submit a Contractor Application (MHTF-DR-315) for approval to cp.programs@mhdc.com.

Two-Bid Requirement

For each home repair project, MHDC requires grantees to obtain bids from two separate contractors to allow for competitive pricing quotations.

In instances of disaster impact, additional barriers may exist in obtaining two bids. If a grantee is unable to meet the two-bid requirement, contact cp.programs@mhdc.com to request a waiver.

Improvements to Manufactured Housing

Manufactured housing must meet the following criteria to be eligible for assistance:

Regulatory Agreements

All MHTF-DR standard home repair projects greater than \$2,500 will be subject to a Regulatory Agreement that requires the homeowner to continuously occupy the premises for a period of no less than five years. A regulatory agreement is a legal contract between the homeowner and MHDC for all standard home repair projects. The regulatory agreement shall be created in favor of Missouri Housing Development Commission and shall be submitted to MHDC to be recorded with the local County Recorder of Deeds prior to the start of the home repair project.

The Grantee shall follow the process outlined below:

- After initial intake and inspection, the Grantee will facilitate the completion of the Regulatory Agreement in conjunction with the homeowner(s). The template is available on [MHDC's website](#).
- Grantee will email a scanned copy of the regulatory agreement to cp.programs@mhdc.com. This is necessary to ensure timely filing.
- Grantee will send the original copy with wet signatures via mail to:

Missouri Housing Development Commission
Attn: Lisa Moler, Community Programs
1201 Walnut Street, Suite 1800
Kansas City, MO 64106

Missouri Housing Trust Fund - Disaster Relief | FY2026 Desk Guide

- MHDC will file the Regulatory Agreement with the respective county's recorder of deeds.
- MHDC will notify the Grantee when the document has been filed, and the home repair project can begin.

Note: Failure to send the original copy of the Regulatory Agreement via mail may result in a delay in disbursements of funds for expenses incurred and/or repayment of costs incurred on the project.

It is advised that the grantee communicate the implications of this commitment to the homeowner during the intake process. If a homeowner elects to sell the property within the 5-year period, MHDC may allow the homeowner to repay the project amount at a pro-rated price.

MHDC may consider certain extenuating circumstances as reason to release a regulatory agreement without repayment at its sole discretion. Email cp.programs@mhdc.com for questions regarding the waiver process.

Recordkeeping Requirements

Supporting documentation for expenses will be reviewed by MHDC. The charts below detail the documentation requirements for costs billed to the MHTF-DR program.

Recordkeeping Standards:

- “Proof of Cleared Payment” must be provided using the documentation outlined in the charts below. Payments made via payment applications (i.e., PayPal, Venmo, CashApp etc.) will not be considered as Proof of Cleared Payment.
- All documentation must be kept on-site for MHDC compliance purposes.
- All documentation must be easily accessible to MHDC Compliance Officers during a compliance visit and/or desk audit. Required documentation that is not accessible or available could result in a negative compliance status and/or a repayment of funds to MHDC.

Recordkeeping Standards for Clients Fleeing or Attempting to Flee Domestic Violence:

- It is appropriate to use non-identifying information for clients fleeing or attempting to flee Domestic Violence. This can include assigning the client a unique ID and redacting exact addresses from reports.
- Proof of cleared payment is still subject to review during the MHDC compliance process for payments made on behalf of the household.

Termination and Grievance Procedures

All MHTF-DR grantees must have written policies in place that address termination and grievance procedures for program participants that violate program requirements. The policies should detail the program requirements, the termination process, and the grievance procedure for all clients served with MHTF-DR. The policies must also detail the timeline and method for notifying clients of their termination, as well as the process to allow clients to appeal the decision. When determining whether program violations merit termination, grantees should consider all extenuating circumstances in order to ensure that assistance is only terminated in the most severe situations. Termination does not prohibit the program from providing further assistance at a later date to the same individual or family. Policies should be retained by grantee and made available upon request by MHDC.

Financial Processes

Before any funds can be released, all required initial grant documents must be completed and received by MHDC. Additionally, the Grantee must be in compliance with all other MHDC Community Programs grants.

Disbursement Procedure and Timeline

Once all of the above criteria are met, MHDC will automatically disburse 25 percent of the total grant award, up to \$100,000 upon execution of the grant agreement. Grantee may back up disbursed funds by submitting MHTF-DR-316 Back-Up Form to Grant Interface.

MHDC will disburse funds in 25 percent increments (not to exceed \$100,000) no more than once per month, once sufficient back-up covering all previously disbursed funds has been received and approved. MHDC may advance funds in increments greater than 25 percent at its discretion if sufficient back-up is provided.

Due to the nature of the monthly submission deadlines, monthly submissions will be accepted from the 2nd through the 1st of the following month. For example, a submission between June 2nd and July 1st would count as your June submission, and no further submissions would be allowed between those dates.

Please see the sample disbursement chart and back-up examples below:

Percent of Total Grant Award Amount Disbursed	25% or \$100,000 (initial advance)	50%	75%	100%
Percent Backed Up and Approved	0-24%	25-49%	50-74%	75-100%

Example 1:

Grantee A is awarded \$50,000.00 therefore \$12,500.00 (25%) is advanced to Grantee A upon execution of the grant agreement. Once the grantee has expended those funds the grantee is ready to submit

Missouri Housing Trust Fund - Disaster Relief | FY2026 Desk Guide

back-up for the next installment of funds. Grantee A submits back-up of expenses totaling \$12,500.00 (25%), once it is approved Grantee A will automatically be advanced a second installment of \$12,500.00 (25% of the grant award amount). Grantee has now been disbursed a total of 50% of their total grant award amount.

Example 2:

Grantee B is awarded \$50,000.00 therefore \$12,500.00 (25%) is advanced to Grantee B upon execution of the grant agreement. Once the grantee has expended those funds the grantee is ready to submit back-up for the next installment of funds. Grantee B submits back-up of expenses totaling \$25,000.00 (50% of the grant award amount), once it is approved Grantee B will automatically be advanced a second installment of \$25,000.00 (50% of the grant award amount). Grantee has now been disbursed a total of 75% of their total grant award amount.

Example 3:

Grantee C is awarded \$50,000.00 therefore \$12,500.00 (25%) is advanced to Grantee C upon execution of the grant agreement. Once the grantee has expended those funds the grantee is ready to submit back-up for the next installment of funds. Grantee C submits back-up of expenses totaling \$41,000.00 (82% of the grant award amount), once it is approved Grantee B will automatically be advanced a second installment of \$37,500.00 (75% of the grant award amount). Grantee has now been disbursed a total of 100% of their total grant award amount.

Submission Requirements

Grantees are required to submit back-up of expenses to account for all MHTF-DR spending during the grant period. Back-up must be submitted after any advance of funds is made and before additional installments can be provided. MHDC requires grantees to complete a back-up form (MHTF-DR-316) to account for all grant eligible expenses and record client data, as determined by MHDC.

Incomplete/Ineligible Back-Up Submissions

If the Grantee submits a back-up form that is incomplete/ineligible, MHDC will notify the agency's primary contact and submitter via email that there is feedback regarding their submission in their follow-up form. In the event that there is feedback, Grantee will need to resolve all feedback and re-submit the back-up for a second review.

Common Reasons for Feedback on Back-Up Submissions

- Certificate of insurance has expired
- Expenses incurred or paid outside of funding period
- Expenses paid outside of designated region
- Ineligible activities reported
- Missing/incorrect files uploaded
- Incorrect/missing information fields
- Electronic submission is illegible

Missouri Housing Trust Fund - Disaster Relief | FY2026 Desk Guide

- Missing signatures from authorized signatories

Supporting Documentation

Along with the back-up form, MHTF-DR grantees are also required to maintain supporting documentation for financial assistance on-site. Grantees are not required to submit supporting documentation with their MHTF-DR-316 expenses, but it must be readily available on-site for review by MHDC's Compliance Officer. More information regarding supporting documentation can be found under Recordkeeping Requirements on pgs. 18-22 of the MHTF-DR Desk Guide.

Funding Period

All MHTF-DR funding provided to grantees must be used for expenses that are incurred, paid, and submitted for payment to MHDC during the Grant Funding Period as defined in the Grant Agreement and MHTF-DR FY2026 Timeline. If billing for salary, pay periods must also be incurred completely within the funding period. Grantees may request a prorated payment for payroll taxes and/or insurance which covers any portion of the funding period but which was paid outside of the funding period.

Submission Requirements

Funded agencies may submit back-up electronically through their agency profile at the following link: <https://www.grantinterface.com/Home/Logon?urlkey=mhdc>

Monitoring

In order to track a grantee's program compliance with MHDC regulations, ensure accurate spending of MHTF-DR funds, prevent fraud and abuse, and identify technical assistance needs, MHDC staff will monitor grantees' by conducting on-site or desk audit compliance reviews as well as through review of all financial documentation submitted to MHDC.

Compliance Visits

On-site compliance visits will be conducted at the location designated by the grantee on the Site Contact form. The MHDC Compliance Officer will review expenses billed to MHTF-DR. The information reviewed is gathered from the MHTF-DR-316 back-up form. Agency processes, procedures, and programmatic data may also be requested for review. The Compliance Officer will not provide the grantee the names of the files to be checked prior to the visit; this is to ensure that all files will be reviewed in the state in which they are normally kept.

The requested files are expected to be produced within fifteen (15) minutes of the Compliance Officer's arrival. Failure to produce requested files within fifteen (15) minutes will result in a compliance violation*. Therefore, it is vital that a grantee staff member is always available to assist the MHDC staff member as needed at the location and during the times provided by grantee.

* The only exception is if a staff member is assisting a client.

Missouri Housing Trust Fund - Disaster Relief | FY2026 Desk Guide

Announced Visit

The announced site visit is scheduled by the Compliance Officer with the grantee. If MHDC staff is unsuccessful in scheduling a site visit after three attempts have been made via telephone and/or e-mail, MHDC staff will notify the grantee informing them that they have 15 days to schedule a site visit, otherwise their funding will be suspended and grantee will be considered out of compliance until the visit is scheduled.

Unannounced Visit

MHDC staff members have the right to conduct unannounced visits at the location(s) and times furnished by the grantee in the updated on the Site Contact Follow-up Form. It is the grantee's responsibility to notify MHDC if business hours change or if the grantee will be closed for an extended amount of time. Unannounced site visits are conducted based on certain factors, including but not limited to, agency's prior history with MHTF-DR, outcome of announced visit, and fulfilling grant requirements such as timely and accurate submission of Requests for Payment and back-up. MHDC will not conduct site visits on state or federal holidays.

Electronic Files

If the grantee elects to maintain electronic files in lieu of paper files, the grantee will be required to print off all required documentation for compliance visits. As with all files, the time limit to produce these files is fifteen (15) minutes during a site visit.

Desk Audit Compliance

MHDC staff may conduct a remote desk audit in lieu of or in addition to an on-site visit. The MHDC Compliance Officer will review electronically submitted expenses billed to MHTF-DR and any other programmatic documentation. The financial information reviewed is gathered from the MHTF-DR-316 back-up reports. Specific files for review will be requested on a previously agreed-upon date. The grantee will have 24 hours to upload the requested documentation per MHDC's instructions.

Exit Interview

At the conclusion of the site visit or desk audit, the Compliance Officer will conduct an exit interview. In the case of an on-site visit, the grantee will be given the opportunity to discuss the findings as well as any other questions and concerns with the Compliance Officer. The Compliance Officer will conduct a written exit interview in order to ensure that grantee representative understands the outcome of the visit, and to document any follow-up actions required by MHDC and/or grantee. In the case of a Desk Audit, the exit interview will be sent via email. The grantee will be given a timeframe to address any questions and/or concerns and to provide any missing documentation outlined in the email. The final compliance status is determined at the discretion of MHDC.

Monitoring Notification

After completing an on-site or desk audit, MHDC staff will prepare a notification detailing the results of the review, including any minor or major findings, areas for improvement, corrective actions that need to be taken and the deadline to complete these actions.

Compliance Violations

If the MHDC staff member finds that the grantee is out of compliance, the MHDC staff member will record that the grantee is out of compliance. Until the MHDC staff member has verified that the issue(s) has/have been resolved, funding will be suspended.

If the grantee is found out of compliance, they will need to submit a Corrective Action Plan (CAP) detailing the reason(s) for out of compliance status and how the findings will be corrected. Depending on the reason(s) for out of compliance status, grantee may also be subject to a follow-up site visit conducted by MHDC staff in order to ensure that the issues have been resolved.

If the issue(s) that caused the grantee to be out of compliance are resolved after the CAP and/or follow-up site visit review, the Compliance Officer will notify the grantee that their funding is no longer suspended. If the issue(s) that caused the grantee to be out of compliance are still not resolved after the CAP and/or follow-up site visit review, the Compliance Officer will notify the grantee of their findings and funding will be suspended for all grants that the agency has been awarded through the Community Programs department.

Consequences for Non-Compliance

The following violations will result in grantee being out of compliance, which will require MHDC to suspend funding for the MHTF-DR grant, assess point reductions for future applications, and in most instances, a Corrective Action Plan will be required in order to reinstate compliance:

- More than one-half of files or financial documents reviewed during on-site compliance visit or desk audit contained findings
- Files were unable to be reviewed during the site visit
- Files were not produced within 15-minute time frame
- Grantee will not schedule visit; after three attempts and no response from request sent within 15 days of date of request
- Grantee accommodations deemed to be unsafe or unsanitary; allegations of clients being put in danger by grantee
- Ineligible or misrepresented expenditures were discovered

Grant Close Out

Once all funds have been expended, grantee is required to close out their grant. The close out process consists of several components:

1. Cumulative report of all assistance provided during grant period.
 - a. *(Guidance will be provided at a later date)*
2. All funds backed up or unexpended funds returned to MHDC.

Missouri Housing Trust Fund - Disaster Relief | FY2026 Desk Guide

All complete and final close out information needs to be submitted electronically on or before 5:00 p.m. on May 31, 2026. Any previously disbursed funds that are not backed up by the deadline will be recaptured.

Grant Reporting
